Your Wedding Photography by Roy Gooding

At Roy Gooding Photography we offer a wide range of Wedding Photography packages to suit many different styles, tastes and budgets, so after you've read this brochure you may like to read through the enclosed price lists which include both copyright-free DVD and Album coverages where high quality and value for money is the key throughout. Depending on the package you choose, you may wish to have either one or two professional photographers photograph your wedding. The advantage of two photographers is that they can be in two places at once and use a combination of different photographic styles to enhance your final selection of images. Please ask to see some examples of this exciting and modern way of having your wedding photographed!

We would also encourage you to spend a few minutes of your time with us to view the quality of our work and to have a chat about what we can do for you and your partner on your special day!

When you choose Roy to photograph the most important day in your life you can be assured of the utmost attention to detail together with Roy's unique personal service to provide you and your partner with the very finest wedding photography available today.

Roy is a fully qualified member of the Master Photographers Association, The Royal Photographic Society and The Society of Wedding and Portrait Photographers and this wealth of experience is your guarantee of good service and quality. Whatever style of photography you may be looking for, from the modern classical to the contemporary, he will be pleased to listen to your ideas for the day and design a photography package specifically suited to you.

Roy will always try to arrange to see you personally when you book your photography with him. He will also make an arrangement to see you again a short time before your wedding to go over your final itinerary for the day, have a chat about what you would like to do on your wedding day, and make sure you are completely happy with all of the photographic arrangements. Roy will also photograph your wedding personally on your big day to make sure that you are relaxed and at ease to enjoy yourselves to the full.

Should you have already decided that you would like Roy to photograph your wedding and wish to book our wedding service by post, please complete the enclosed booking form and return it in the envelope provided, together with your deposit. We will then send you a letter of confirmation of our attendance at your wedding, together with a receipt, by return. If for any reason you do not receive this please be sure to let us know.

After your return from honeymoon a FREE luxurious coffee-table style preview book of everything shot on the day will be waiting for you to collect. If you have chosen one of our album packages you simply choose the pictures from your preview book that you would like to be reproduced in your finished wedding album. Alternately if you have chosen one of our copyright-free DVD packages your preview book will make an ideal accompaniment to your full-resolution DVD.

Please feel free to call Roy anytime for a chat about your wedding plans.

Roy Gooding - For beautiful wedding photography

Why not give Roy or Brigid a call today on 01489 588859 to discuss your Wedding Day plans and have an informal chat about what we can do for you on your special day.
