## **Roy Gooding – For Beautiful Wedding Photography**

Roy Gooding is based in Hampshire but he photographs weddings all over the country and also abroad!

His wedding photography is an exciting fusion of modern contemporary photography, photojournalism, artistry – and fun! All at affordable prices!

He offers a wide range of Wedding Photography packages to suit all styles, tastes and budgets.

Whether you're looking for a copyright-free DVD-only coverage of your wedding, a superb contemporary Italian-designed album, or something a little different, you're bound to find what you're looking for.

When you choose Roy to photograph the most important day in your life you can be assured of the utmost attention to detail together with Roy's unique personal service to provide you and your partner with the very finest wedding photography available today. Also, Roy will always photograph your wedding personally to make sure that you are relaxed and at ease to enjoy yourselves to the full on your special day!

He's a fully qualified member of the Master Photographers Association, The Royal Photographic Society and Wedding and Portrait Photographers International and this wealth of experience is your guarantee of excellent service and quality photography.

Roy will always arrange to see you personally when you book your photography with him. He will also see you again at a pre-wedding planning meeting to go over your final itinerary for the day, have a chat about what you would like to do on your wedding day, and make sure you are completely happy with all of the photographic arrangements

You might also choose to have a second professional photographer come along to capture all the fun at your wedding in an exciting photojournalistic way! After your wedding it's always a great thrill to see all the lovely images that you didn't even know had been taken! Another advantage of two photographers is that they can be in two places at once and use a combination of different photographic styles to greatly enhance your final selection of images - or what about one photographer with the bride and one with the groom!

After your return from honeymoon you will receive a FREE hard-backed, luxury coffee-table style photo book (see photo) of everything shot on your wedding day, to show to friends and family. If you have chosen one of our album packages you simply choose the pictures from your photo book that you would like to be reproduced in your finished wedding album. Alternately if you've chosen one of our COPYRIGHT-FREE DVD-only packages your preview book will make an ideal accompaniment and reference guide to the images on your full-resolution DVD.

We would encourage you to spend a few minutes of your time with us to view the quality of our recent work and to have a chat about what Roy can do for you and your partner on your special day!

**Why not give Roy a call today on 01489 588859 to discuss your Wedding Day plans and have an informal chat about what he can do for you on your special day.**
