Your Wedding Photography on DVD

When you choose one of Roy's **copyright-free** DVD-only packages you can still be assured of the same great attention to detail in your photography and Roy's own unique brand of personal service. However, in addition to all the beautiful images in your complimentary Photo-book you will also receive a **high-resolution** printable DVD of all the images shot on your wedding day too! Your Photo-book will make an ideal accompaniment and reference guide to the images on your DVD!

The photographs on your DVD will be full-resolution. This means that you can print hundreds of your favourite pictures from it if you want to - at any size you want - and even print the pictures to make your own wedding album! With Roy, colour correction, cropping, computer enhancement and manipulation of some of the images to turn them into Black & White etc. all comes as standard!

Your DVD comes in its own presentation box and has your names and the date of your wedding printed on the disc. When you choose to have an eight hour coverage of your wedding, you will also receive a FREE SECOND DISC of your images to play as a slide-show on your DVD player or television.

Home Attendance* (Approximately 2 hours)

Coverage often starts with informal shots of the day's preparations at the Bride's home/hotel, followed by photographs of the Bride with her family and bridesmaids, the champagne and the excitement, prior to leaving for the ceremony.

*Because some Brides love the idea of having photos at home, with their family, bridesmaids and friends, before the ceremony while others prefer not to, we've left the home attendance as an optional extra to these packages and this can be paid for separately if required.

One Photographer £95.00.

Two photographers £135.00

(If required – and distance and time permits - the second photographer can be asked to attend the groom and his friends prior to the ceremony)

Wedding Photography Album Packages

Once you've chosen your favourite photographs they will be transferred to an Italian design studio where they will be transformed into a book containing a wonderful correlation of contemporary imagery, (as featured in Cosmopolitan Bride magazine)

The Wedding Book is so special that it comes in its own carry-case with locks to keep it safe. You have a choice of finishes to the inside pages including the extremely popular, ultra-glossy metallic finish. Roy will be pleased to show you a sample.
